FOR IMMEDIATE RELEASE · CAYUGA, INDIANA

Special inspection services underway at the Duke Energy Cayuga Energy Complex

Working under contract with Kiewit, CITEX is providing PCI, AWS CWI, and NACE Level 3 (AMPP) certified inspections for the $3.3 billion combined-cycle facility in Indiana.

CAYUGA, INDIANA. CITEX is providing special inspection services for the Duke Energy Cayuga Energy Complex, a $3.3 billion project replacing a coal-fired station with two combined-cycle natural gas units generating approximately 1,476 MW.

Certified inspectors are verifying precast and prestressed concrete, structural steel welding, and protective coating systems against project specifications and industry standards.

ABOUT CITEX

CITEX is a civil engineering and technical assurance firm and a CSI Global company, headquartered in Houston, Texas, with an accredited construction materials testing laboratory in Sugar Land. CITEX provides materials testing, special inspections, geotechnical services, and civil engineering for public and private clients.

Materials testing · Special inspections · Geotechnical · Civil engineering
